

MAGNIX

WESTERN STANDARDS. ZERO COMPROMISE.

Pre-vetted offshore teams for IT, SaaS, Healthtech & Business Support.

01 WHO WE ARE

WE'RE NOT A PLATFORM. WE'RE A GUARANTEE.

Offshore isn't short on options. There are thousands of agencies, freelancer platforms and overseas teams. The failure point is always the same: trust. Not knowing who actually delivers, who communicates professionally, and who disappears the moment the work gets hard.

That's the gap Magnix closes. We've already done the vetting, the testing and the relationship building. You don't get a list to sort through. You get one answer, the right one, backed by our own reputation, and we stay involved long after the introduction.

01

Western-standard quality

Every partner is screened for technical capability, communication and delivery track record before we ever make an introduction.

02

Cost that makes sense

The budget that covers one local hire often covers a full team through Magnix, with no compromise on the quality of the work.

03

We stay involved

We don't vanish after matching you. We stay close to make sure the partnership delivers and scales the way you need.

02 WHY MAGNIX

THE OFFSHORE ADVANTAGE, WITHOUT THE OFFSHORE RISK.

The reasons companies across six markets build with us instead of gambling on an open marketplace.

03 WHAT WE DELIVER

EIGHT SERVICE LINES. ONE PARTNER.

01 — TECHNOLOGY & PRODUCT TEAMS

TECH · 01

IT & Software Development

Custom software built by teams that understand your market and your timeline, not just your spec sheet.

- ◆ Custom software, web & mobile applications
- ◆ QA testing, DevOps & cloud infrastructure
- ◆ AI integration, automation & legacy modernization

TECH · 02

SaaS & Product Teams

Product builders who know SaaS architecture and the difference between shipping fast and shipping right.

- ◆ MVP builds, iteration & platform engineering
- ◆ API, integrations & scaling
- ◆ Architecture & due-diligence support

TECH · 03

Healthtech & Medical Billing

Healthcare-specific teams that understand compliance, EHR systems and US billing standards.

- ◆ Medical billing & revenue cycle management
- ◆ EHR integrations & healthcare apps
- ◆ Claims, denial management & patient data

WHY OFFSHORE WITH MAGNIX — the same caliber of senior talent as a US or UK shop, at a fraction of the hourly cost, with no payroll tax, benefits or office overhead, and teams structured to overlap your working hours.

03 WHAT WE DELIVER

BUSINESS & GROWTH SUPPORT.

02 — BUSINESS & GROWTH SUPPORT

GROWTH · 04

Customer Support & Service

Dedicated reps who represent your brand and retain your customers, across every channel.

- ◆ Voice, chat, email & social support
- ◆ SaaS, technical & e-commerce support
- ◆ Retention & client communication

GROWTH · 05

Digital & Social Marketing

Marketing execution that runs in the background, not another hire to manage.

- ◆ Paid ads management & SEO
- ◆ Social media management & content
- ◆ Reputation management & reporting

GROWTH · 06

Admin & Operations

The back-office work that eats your day, handled by someone else's.

- ◆ Scheduling & calendar management
- ◆ Operations coordination & data entry
- ◆ Vendor & inbox management

GROWTH · 07

Accounting & Financial Admin

Bookkeeping and billing handled with real discipline, without the local price tag.

- ◆ Bookkeeping, invoicing & billing
- ◆ Accounts payable & receivable
- ◆ Reconciliation & reporting support

GROWTH · 08

Client Success Management

Someone dedicated to keeping your clients happy and renewing, full time, at a cost most companies your size can't justify hiring locally.

- ◆ Onboarding management & account check-ins
- ◆ Renewal & retention tracking
- ◆ Client reporting & communication

04 INDUSTRIES WE SERVE

BUILT FOR THE INDUSTRIES THAT CAN'T AFFORD TO COMPROMISE.

Whatever your sector, we match you to a team that already understands it, its tools, its compliance and its customers.

Healthcare & Medical

Clinics, billing, RCM, EHR and patient workflows.

SaaS & Software

Product pods, platform engineering and scaling.

E-commerce & Retail

Storefronts, support and order operations.

Financial & Fintech

Bookkeeping, reconciliation and secure builds.

Startups & Founders

MVPs and lean teams that stretch early capital.

Professional Services

Legal, consulting and agency back-office.

Real Estate & PropTech

Listings, coordination and platform development.

Marketing & Creative

Campaign execution, content and paid media.

Insurance

Claims support, admin and customer service.

Logistics & Supply

Coordination, data entry and support desks.

Education & E-learning

Platforms, content ops and learner support.

Hospitality & Travel

Booking support, reservations and operations.

05 WHO WE WORK WITH

BUILT TO FLEX WITH WHERE YOU ARE.

The right match looks different depending on your size and stage. Ours adjusts to fit.

STARTUP

MOVE FAST, LOW
OVERHEAD

A senior-level team without the senior-level payroll.

Early capital goes to building, not hiring. Spin up a capable pod without months of recruiting.

SME

SCALE WITHOUT THE RISK

Add capacity across tech and business support as you grow.

Extend your team without the cost, delay or commitment of building each function locally.

ENTERPRISE

OPTIMIZE AT SCALE

A vetted extension of your existing teams.

Held to the same standards you already expect internally, so you optimize without the noise.

SERVING COMPANIES ACROSS

United
States

United
Kingdom

Europe

Middle
East

Australia

Canada

06 HOW WE VET

CHECKED AGAINST THE STANDARDS THAT MATTER TO YOU.

We don't just check code quality. Depending on your industry, we evaluate a partner's data security and privacy practices against the frameworks that actually matter for your business, and we tell you exactly where they stand before you commit, not after.

SOC 2

ISO 27001

HIPAA

GDPR

CCPA

PIPEDA

Certifications and compliance status vary by partner and are confirmed on request before engagement.

07 WHO WE WORK THROUGH

A SMALL, VETTED NETWORK. NOT A MARKETPLACE.

We work through software houses we already know and trust, not a directory of strangers.

DELIVERY PARTNER

StackUp Technologies

Working alongside Magnix on client engagements across technology and healthcare administration.

DELIVERY PARTNER

Techset Solutions

Contributing engineering and product capability to client engagements sourced through Magnix.

DELIVERY PARTNER

Escalo AI

Bringing AI, automation and intelligent-workflow capability to Magnix client engagements.

08 HOW IT WORKS

ONE CONVERSATION. THE RIGHT TEAM. DELIVERED.

Three steps from first message to a team that's ready to build.

01

Tell us what you need

Share your project, the type of team you need, your timeline and your budget. No lengthy forms, a conversation is enough to get started.

02

We find your match

We go through our vetted network and identify the right partner for your specific need. You get one recommendation, the right one, not a shortlist to sort through.

03

You build. We support.

Your team gets to work. We stay close to make sure delivery meets your standards and the partnership keeps delivering as you scale.

09 WHO'S BEHIND MAGNIX

FOUR FOUNDERS. ONE STANDARD.

Magnix is built and run by a founding team that brings together international business development, operations and delivery experience.
